Subj: Cedar Grove Corner

Text: Dear Commissioners,

I fully support Marple Township continuing to
protect the Corner of Sproul and Cedar Grove
Roads against PECO's Gas Expansion Plant.

OR CALL 610-356-4040

PLEASE Attend Marple Twp. Commissioners' Monthly Meeting Monday, Oct. 14, 7PM

On September 26, 2024, the PA PUC delivered an Amended Final Decision, again very much in favor of PECO. The township has 30 days to appeal that decision to the Commonwealth Court. Please attend the Oct. 14 Marple Twp. Commissioners' Meeting to voice your support for continuing this legal battle.

Previously:

The issue of PECO's proposed Gas Expansion Plant at the corner of Sproul and Cedar Grove Roads **is not a done deal**. Here's a brief chronological review:

- 2019: PECO announced plans for the Gas Expansion Plant, aka "Reliability Station"
- 2020: Marple Township refused permits for the facility, and PECO went to the PUC to negate the need for permits.
- 2021: The PUC ruled in favor of PECO, allowing the facility to be constructed, and Marple appealed that decision to the Commonwealth Court.
- 2022: The case made its way through the Commonwealth Court, with Oral Arguments in Pittsburgh on November 12
- 2023: On March 3, the Commonwealth Court remanded the decision back to the PUC for reconsideration, with attention to Article 1, Section 27 of the PA Constitution. The Remanded Proceeding began on June 21st, and the record was closed on January 5, 2024
- 2024: The Record was closed on January 5, 2024, and the Initial Decision was handed down on April 3, 2024. The final decision was delivered on September 26, 2024.

The Marple Commissioners will hold their regular monthly meeting on October 14, 2024. Please attend the meeting and encourage the commissioners to continue to support this fight to protect the Corner of Sproul and Cedar Grove Roads from PECO's Gas Expansion Plant.
