

Pennsylvania
Department of
Environmental Protection

PUBLIC HEARING **Monroe Energy** **RACT III**

Thursday, January 30, 2025

6:00 pm – 8:00 pm

Marcus Hook (Curt Weldon) Community Center
7 W. Delaware Ave, Marcus Hook, PA 19061

Why: The Pennsylvania Department of Environmental Protection (DEP) has made a preliminary determination to approve a RACT III alternative compliance plan for Monroe Energy, LLC for its Trainer refinery. The RACT III alternative compliance plan, if approved by DEP, will be issued as a significant modification to the facility's Title V Operating Permit (TVOP). The RACT III alternative compliance plan incorporates provisions and requirements for the control of the sites emissions of nitrogen oxides (NOx) and volatile organic compounds (VOCs). These provisions and requirements are intended to address the Commonwealth's Reasonably Available Control Technology (RACT) obligations under section 184 of the Clean Air Act for the 2015 8-hour ozone National Ambient Air Quality Standards (NAAQS). The RACT III alternative compliance plan does not adopt any new regulations.

R.S.V.P. to Attend

Contact: Contact: Amani Reid
Southeast Regional Coordinator
Phone: 717-783-1086
Email: amreid@pa.gov

Register to Present Testimony Before 1/27/25

Need more information?
